

**Exhibit 99.1****Net Asset Value**

VistaOne, L.P. (the “Fund”) calculates net asset value by deducting all accrued fees, expenses and other liabilities of the Fund from the fair value of investments, determined in accordance with valuation policies and procedures approved by the Fund’s General Partner, and other assets and receivables held by the Fund. The Fund’s transactional net asset value (“Transactional NAV”) is calculated for purposes of establishing the price at which subscriptions and repurchases of the Fund’s limited partnership units (the “Units”) are made. Transactional NAV per Unit differs from the Fund’s net asset value per Unit for financial reporting purposes as determined in accordance with accounting principles generally accepted in the United States of America (“GAAP NAV”).
